### **Qualifications:**

I have always taught whatever I excelled in. While still in High School, my music teacher had to be admitted to the hospital for severe ulcer problems. I was asked to teach all of the classes in his absence. I received extra credit and had to do a lot of homework in other areas of study but it was worth the effort. I received the prestigious John Philip Souza band award at graduation. I believe this experience was instrumental in developing my passion for teaching.

Have five years experience as a Senior SIMS trainer with the 1<sup>st</sup> Bde, 91<sup>st</sup> Div. Have been on several down-range missions as well as many support missions at Camp Parks. Have performed as senior Instructor for several BBS and CBS courses offered at Camp Parks. While at the BPG, created the first workable mission tracking system still in effect today. Was the senior instructor and OIC of instructor cadre for the 91<sup>st</sup> Division's first CSS/TSS mission.

Began teaching Martial Arts in 1974 in Placerville, CA and have been teaching steadily ever since. Have taught in the private sector, in the Army, and in the school system. Was instrumental in developing the first Martial Arts program taught at Cosumnes River College in Placerville, CA. One of my Black Belt students is the primary instructor, with three others working as instructors in the class.
